Events and Room Reserve 6.0 Unveiled at PLA 2008

INDIANAPOLIS, IN – April 1, 2008 — Evanced Solutions, Inc., the leading provider of solutions for library event management, meeting room reservation management, and reading program management announced at the 2008 PLA Annual Conference in Minneapolis (MN) the 6.0 release of its **Events** and **Room Reserve** software solutions. The new products are available to upgrade for existing customers this month.

“The 6.0 release of **Events** and **Room Reserve** strives to bring increasing functionality to both products,” said Rob Cullin, co-founder of Evanced. “Our goal is to make the products more and more easy to save libraries staff time and money as well as to increase their interactions and marketing efforts to their public.” Via an easy-to-use, intuitive Web interface, **Events** and **Room Reserve** offer the following capabilities:

Events:

- Improved navigation and shortcuts for staff
- Ongoing events option for ongoing exhibits, Teen Read Week, etc.
- Printer friendly calendar options
- Improved RSS feed subscriptions
- More “Google-like” search results
- Additional email notifications relating to attendance lists
- Improved branch adding/editing/deleting
- Separate style control for Events and Room Reserve
- Improved copy and restoration of recurring events

Room Reserve:

- Increased style control separate from Events
- Ability to have “Private/Internal Branches”
- Reservation limit setting
- Improved equipment reservations
- Enhanced Patron/Group lookup options
- Improved advanced costing options
